Dear Steve:

Thank you for the wonderful presentation yesterday. As the closing session speaker for our 2009 Annual Convention and Trade Show you sent our members home excited about their jobs and their lives. Your presentation on "Enjoy the Ride" had a wonderful mix of humor and message.

While planning our convention, we mentioned to our committee that is involved in those efforts that we were considering you as a speaker. One committee member stated that she had heard you before and that you were "a life changing speaker." She was right.

Thanks so much.

Sincerely,

Ron Taylor  
Executive Director
